Vulcan Resident Since Childhood "Rusty" Robson Passes In 67th Year

An early and well-known resident of Vulcan, Charles Russell Robson, died at Calgary on Thursday, Oct. 13, 1966. He was 67 years of age.

Born at Chatham, Ont., Mr. Robson came to Vulcan as a child and lived here until moving to Calgary in July of this year. He operated the Vulcan Theatre until ill health forced his retirement a few years ago. He was well known as a sport enthusiast in earlier years.

He served overseas with the RCE in World War One and was commissioned in the Royal Canadian Artillery in World War Two, serving in Canada and retiring with the rank of Major. He commanded "A" Company of the Calgary Highlanders in Vulcan

BRINGING IN THE SHEAVES. The words of the old time hymn no longer apply to modern day harvest methods and the associated equipment is even farther removed from that of the early days. Four of the five combines of the Haga brothers which were united this fall for the first time in many years, are shown above. With their various pieces of land

stretching from Kirkcaldy almost to Highway 23 the brothers have in past years, paired off or gone their separate ways for harvest. However this year Bob still had some combining left when the others were done so they all moved in and beat the threatening skies. In average years these combines will pick-up 50-60 acres a day but with the extremely heavy swath

this season a good day might represent 40 acres and combines were down to their slowest speeds. This present day of air conditioned cabs and automatic devices, has brought comparative ease to the harvest scene and the unsung heroine of this piece might be Bob's wife April back at the farm kitchen whose turn it was to feed the crew.

Informative Meeting

County Home & School Workshop Held at Brant

An excellent crowd gathered at Brant on Oct. 5 for a Home & School Workshop evening. Visiting Home and School members attended from Carmangay, Champion, Lomond, Milo and Arrowwood, also Blackie and High River parents were welcomed.

After a short business meeting of the Brant Association, Mrs. Holoboff, program chairman introduced Area 11 Director Mrs. Elnora Anderson, Mrs. Muriel Sokvitne, area committee member for Vulcan County, Past Area Director Mrs. Emma Smith and Mrs. Gene Kroshinsky, Area Committee Member of Lethbridge County.

The topic for the evening was, "Home and School Looks at Education; are you, the parents looking too?" The workshop took the form of an interview session with Mrs. Mary McLean asking the Area members questions. "What does my membership in a local association mean in the New

Structure" started the discussion. The Area Director explained. As an organization changes in size and complexity, the structure must be adjusted to meet its needs and thus, the approved Structure at the last Federation Convention. It is up to Home and School parents to see that this does improve the effectiveness of this organization. Why Should I buy a Membership? Home and School's prime concern is: Pre-school Education, Public and Secondary Education, Higher Education, Continuing Education, Special Education. If you are interested in any or all of these phases, you should be a member of an association, for there was never a greater need than at present to interpret changes in education to parents.

By having representatives on many educational boards and associations such as the Alberta Advisory Committee on Educational Research, Alberta Education Council, Curriculum Boards, A.T.A., A.S.T.U., Provincial Technical and Vocational Advisory Boards, we as Home and School members have first-hand knowledge of the vast changes taking place in education.

Mrs. McLean asked, "What should we expect from our associations as members?" After a lively discussion some of the outstanding conclusions were: Knowledge, positive action, interest, leadership, awareness of accomplishments and prestige.

The value of Home and School Associations taking the "Leadership" in our community for better education, better community influence and impress parents of the value of choosing representatives on our County Council and School Boards who are fully qualified to represent us.

For the executives of the local associations some helpful information was given, and resources from which program chairmen can draw for their very important task.

Saskatoon Is New Home Following August Wedding

A very pretty wedding took place at North Hill United Church in Calgary, on Aug. 20, at four o'clock. Marriage vows were exchanged in a double-ring ceremony between Margaret Elizabeth Giles, daughter of Mr. and Mrs. William

Giles of Vulcan, and Raymond Alexander Fenton, son of Mr. and Mrs. Robert Fenton of Grande Prairie. The Rev. A. Anderson officiated and Miss Heather Lindstedt provided the wedding music. The bride, given in marriage by

her father, chose a slim-fitting floor-length gown of white Italian cloque, the edge with a tiny ruffle flowing into a train. The neckline and waist were also edged with stand-up ruffle. The bride's headpiece was a scalloped bouffant veil held in place by a tiara of seed pearls and crystals. Long-stemmed pink roses formed the bridal bouquet.

Attending the bride were Mrs. Ann Boucher as matron-of-honor and bridesmaids Mrs. Betty-Anne Regehr and Miss Sally Giles, sister of the bride. Tiny Sheeley Fenton, niece of the groom was the bride's flower girl.

The matron of honor wore a floor-length gown of yellow Italian cloque featuring an A-line style with short cap sleeves. The bridesmaids wore matching long gowns of pale aquamarine Italian cloque. The three carried bouquets of long-stemmed Talisman roses. The flower girl, as the bride's personal attendant, wore a floor-length A-line gown in white Italian cloque and carried a basket of yellow roses.

Alan Fenton, brother of the groom, attended as best man. Bruce and Jim Fenton, also brothers of the groom, were ushers.

For her daughter's wedding, Mrs. Giles chose a powder blue knit

suit accented with silver threads. Silver and darker blue accessories with a silver-tipped rose corsage completed her ensemble.

The groom's mother, Mrs. Fenton, wore a jacket dress of turquoise linen completed by turquoise and white accessories and a gold-tipped pink rose corsage.

Following the ceremony, a reception was held in the Trade Winds Motor Hotel. The bride's toast was given by Martin Gottenberg of Vulcan, and William Richardson, also of Vulcan acted as master of ceremonies throughout the evening. Miss Pat Giles, sister of the bride was in charge of the guest book. A dance followed the reception with Jan Burr and the Blue Tones providing the music.

For going away, the bride chose a floral-patterned dress and matching apricot coat ensemble, complemented by accessories of the same material, black patent shoes and a white orchid corsage.

Following a honeymoon trip to points in B.C. and northern Alberta, the couple will reside in Saskatoon, Saskatchewan.

Guests attended from Vulcan, Grande Prairie, Banff, Edmonton, Red Deer, Peace River, Marwayne, Camrose, Wetaskiwin, High River, Lincoln, Nebraska, and Ottawa, Ontario.

Fluoridation

It will be interesting to note the result of the fluoridation plebiscites being held at various towns and cities this fall in conjunction with the forthcoming civic elections.

Now that only a simple majority is required instead of the two-thirds majority previously needed there is a far better chance of such a plebiscite being successful.

Residents of Vulcan enjoyed the benefits of natural fluoridation at just about the recommended dosage of one part per million right up until the water supply was switched from wells to the river and, according to dentist Dr. F. R. Schneider, the incidence of tooth cavities, particularly in people who were born and grew up here, was much lower than in areas where the water contained no sodium fluoride, which is one of the most common sources of fluorine.

Earlier this year the matter of fluoridation of Vulcan's water supply was discussed at a meeting of the town council but no definite decision was made to hold a plebiscite this year. The normal and most convenient time for holding such a plebiscite would be in conjunction with the annual civic elections, so it appears that Vulcanites will not have the opportunity this year of expressing their wishes in this matter.

Based on Claresholm's estimated costs, the cost of approved equipment for fluoridating the water supply would be under \$1,000 and the yearly cost per person would be 10 cents for sodium silicofluoride to be added to the water at the rate of 1.0 to 1.2 p.p.m. Vulcan's population is roughly 1,700 so the cost per year would be only about \$170.

This is a pretty low cost for such an important health measure. We trust that town council will give serious consideration to the holding of a fluoridation plebiscite at the earliest opportunity.

Home Economist Speaks To W.I.

The October meeting of the Good Deeds Women's Institute was held at the farm home of Mrs. Norman Whitehead where eight members and three visitors assembled.

Preceding the meeting, Miss Fran Cullen, Vulcan Home Economist, was introduced after which she showed a moving film on childhood poisoning cases, by common household poisons, and how they are treated at the Children's Emergency Poison Clinic the like of which is found in most larger cities. A brief discussion followed the film, then Miss Cullen spoke concisely on nutritious yet interesting school lunches. Mrs. Bruce White, president, thanked Miss Cullen and presented her with a small gift.

Mrs. Bruce White opened the meeting and since Mrs. Jean Nobert, secretary, has moved from the district Mrs. Bob Hutton volunteered to fill the position until the annual meeting next month.

Correspondence was light: a thank-you note from Mrs. R. Irwin for flowers received, a letter from a former member, Mrs. Stan Down, now living at Canmore, and a letter from the Unitarian Service pertaining to a Centennial project of quilt making. It was decided to table this suggestion until more members could be consulted.

Mrs. Clarence Brown gave the treasurer's report. Mrs. Bruce White had no C.A.C. bulletin report and those on the courtesy committee were absent so no report was given on this committee. A few more items of used clothing were brought and will be delivered by Mrs. Bob Hutton.

The roll call was answered by a home improvement idea and most members found no difficulty in thinking of improvements needed within their own homes, possibly this would have been a more effective roll call had the husbands been called in to listen.

QUEENSTOWN

A good crowd attended the sale of Paul Lecuyer on Saturday afternoon. The contents as well as the building were sold.

Orden Lahd moved Ed Jans' horses to Bowden over the weekend.

Mr. and Mrs. Tom Sevrens of Calgary visited the Don McCords on Saturday.

Huge flocks of white geese came down prior to the snowfall. Pheasants are very limited and partridges are not as plentiful as in other years.

A number of hunters were combing the district over the weekend.

BRANT

— U.C.W. MEETING

The Brant UCW meeting was held on Thursday, Oct. 13, with 11 members and one visitor present. The meeting opened by the devotion given by Mrs. B. Prater.

The business was presented and then the ladies planned for their fall tea and bazaar to be held Nov. 9. Mrs. D. McNiven presented Mrs. Bill Burley with an engraved silver spoon in appreciation of her work in the UCW.

The meeting closed with the benediction. Mrs. B. Burley and Mrs. F. Payce then served a delicious lunch.

tan, was born at Pincher Creek and received her early education in a rural school. She continued her education in Calgary where she graduated from Crescent Heights High School and then attended Calgary Normal School. Before taking a Bachelor of Education degree at the University of Alberta, Edmonton, she taught in Pincher Creek and Athabasca school divisions.

Following graduation in 1947, Miss McFarland taught two years at Oliver School in Edmonton before attending the University of Wisconsin on a National Fitness Scholarship. After graduating from Wisconsin University in 1951 with a M.S. in Physical Education she joined the Health and Recreation Branch of the Department of Education transferring with the Branch to Department of Economic Affairs and later to the Department of the Provincial Secretary.

Miss McFarland took post-graduate work in recreation at the University of Illinois 1962-63 and was the recipient of an honor award for her work in the field of recreation by the Canadian Association for Health, Physical Education and Recreation in 1963.

Assisting Miss McFarland will be Jack W. Riddell, former Assistant Supervisor of Community Programs, Recreation and Cultural Development Branch. Mr. Riddell, in his new capacity as Supervisor

of Community Recreation Services for the Recreation Branch of the Department of Youth, will work with local communities in the province through three regional offices staffed with recreation consultants at Calgary, Edmonton and Grande Prairie.

Auxiliary Bishop To Visit Parish

The monthly meeting of the Vulcan CWL was held in the parish hall Oct. 12, with ten members and a guest in attendance. Mrs. Les Shaw presided and Father MacCallum opened the meeting with the Lord's prayer.

Thursday, Oct. 20, a Deanery meeting will be held at St. Andrew's Church, Vulcan. Auxiliary Bishop Wilhelm will visit the parish of Vulcan (Champion and Carmangay) to administer the sacrament of Confirmation to the children and to bless the new church in Champion. The ladies of the CWL were asked to volunteer their services at the dinner for the priests at 5:00 p.m., Thursday.

President Margaret J. Shaw asked the CWL members whether it would be more convenient for them to attend meetings if they were changed from Thursday to Wednesday nights. All were in favor of the change. The league meetings will now be held on the second Wednesday of each month.

Father MacCallum gave a most interesting talk on the true meaning of Liturgy. Everyone participated in the discussion and Father answered questions put to him by the ladies.

Lunch conveners for the evening were Adrienne Murphy and Elizabeth Thiering.

Reid Hill W.I.

(Continued From Front Page) invited the ladies to view a splendid display of her handcraft. Mrs. Silbernagel had some very lovely articles, made of driftwood, braided rugs, pictures of many kinds, beautifully polished stone specimens, dressed dolls and many, many more articles. She seemingly has a talent that puts to use almost anything she can procure. Mrs. Silbernagel was most gracious and invited anyone interested to pay her a return visit.

Arrowwood Bride To Reside At Calgary

Pleasant Heights Baptist Church, Calgary, was the scene of a very pretty wedding on Sept. 3rd, when vows were exchanged by Brian Manley Hodges, son of Rev. and Mrs. Manley Hodges, SIM missionaries in Addis Ababa Ethiopia and Lavina Rose Norton, only daughter of Mr. and Mrs. Mervin Norton, Arrowwood. The church was decorated with baskets of yellow and white gladiolus.

The double-ring ceremony was performed by Rev. Thomas Seeley and Rev. Irvin Krause.

The bride entered the church on the arm of her father and as they approached the altar the groom sang, "I Love Thee" accompanied by Mr. Wm. Anderson on the organ. The bride looked lovely in her gown of sequin trimmed lace over organza bodice with long lily point sleeves and organza over net bouffant skirt. Her shoulder length veil of tulle and lace fell from a pearl set tiara. She carried a crescent shaped bouquet of yellow talisman roses.

After the bride and groom lit their candles the bride sang "Whither Thou Goest."

During the signing of register Miss Greta Prihodka sang "Be Thou Our Guide."

Miss Jean McEachern, maid of honor and bridesmaid Miss Carolee Hodges, sister of the groom wore identical floor gowns of green

brocaded satin with fitted bodice and bell shaped skirts. They each wore white gloves and carried large yellow gladioli. Their tiaras were set with aurora borealis and they wore matching bracelets.

The groom was attended by his brother Mr. Murray Hodges as best man and Jordan Cowie of Edmonton as groomsman while John Cousle of Calgary and Jordan Nelson of Edmonton ushered the guests.

The reception was held in Berean College dining hall.

The bride's mother wore a teal brocaded sheath with jacket matching hat and gloves and black shoes and purse. Her corsage was yellow baby mums.

Miss Sharon Francis of Toefield was in charge of the guest book while Herb Goertz was master of ceremonies. The groom's parents and two sisters in Ethiopia sent greetings on a tape to the happy couple and to guests at reception. Telegrams were read from Mr. and Mrs. Dwane Norton, Ontario, and from Dawson Creek, A. ladies

trio from Edmonton, Mrs. Carol Hodges and Misses Jean and Kathleen Coch sang two numbers. Gordon Cowie sang a solo and he and Mr. Murray Hodges sang a duet.

Janus Norton, brother of the bride, humorously proposed a toast to both bride and groom to which the groom responded.

The three-tiered wedding cake was made by the bride's mother. The bride and groom were assisted serving the cake by Byron and Murray Norton, nephews of the bride.

Rev. Cyril Hutchinson gave the charge to the couple. For a honeymoon to Banff the bride wore a sea green wool tailored suit with cocoa brown cloche and accessories. Her ensemble was complemented with a yellow gladioli corsage.

Guests were from Arrowwood, Irricana, Rosebud, Strathmore, Sundre, Toefield, Edmonton and Saskatchewan.

The newly weds will reside in Calgary while the groom attends U.A.C.

COUNTY CENTRAL HIGH SCHOOL HI-LITES

Upon the completion of the first school month, students and teachers have settled down to the daily routine of classes.

Under the guidance of Mr. Philpot and Mr. Beggs, football and volleyball teams have been organized. Volleyball teams have engaged in several competitions (they have won most of them), while football teams are awaiting their first real test with a tournament at High River on Oct. 22.

In other school activities, the yearbook committee has begun its strenuous task after a weekend spent at a workshop in Calgary. The social conveners are planning their second dance of the year. It will be a sock hop with the theme of "Hard Times" and will be held on October 21.

This year's student's union is headed for a very successful year under the leadership of President Gordon Brown. He is aided by Ken Seales, vice-president; Charlotte Koole, secretary; Tom Babuk, treasurer; Paul Voisey and Carol Jepps, sport conveners; Carol Wellman and Jack Koster, social conveners; Larry Mumby, press representative; and Laurie MacLennan, yearbook editor.

Larry Mumby, Press Representative, CCHS

An elderly gentleman observed a young lad trying to reach a door bell in order to ring it. The kindly old man rang it for him. He asked the boy what he was going to do next.

The boy replied, "I'm going to run like blazes, what are you going to do?"

ST. JOHN'S ANGLICAN GUILD

The St. John's Anglican Guild met at the home of Mrs. Ivy Goldthorpe with a good attendance. The meeting opened with the repeating of The Lord's Prayer in unison.

The members discussed having a sale of renovated household or small articles on which the guild would receive a commission. A committee consisting of Mrs. Alice Clifford and Mrs. Ivy Goldthorpe was appointed to see if such a sale would be practical and if so to attend to the details. The above mentioned are also to be contacted by any interested parties. It was decided that the guild serve for the David Sande wedding dance.

On lunch for the November meeting will be Mrs. Alice Boyd and Mrs. June Degenstein. Hostess for the November meeting will be Mrs. Florence Hart.

The evening was brought to a delightful close with the playing of games and a delicious lunch served by the hostess and her committee.

The essentials for happiness are something to do, someone to love and something to hope for.

INDOOR BULB PLANTING

Indoor bulbs should be planted in late September or early October, says P. D. McCalla, Supervisor of Horticulture with the Alberta Department of Agriculture. Those that should be planted at this time included tulips, hyacinths, daffodils, narcissus, amaryllis, crocus and freesians.

For an effective display of tulips, Mr. McCalla suggests planting four or five bulbs in a seven-inch pot. A similar effect can be obtained with three daffodil or hyacinth bulbs. In the case of smaller bulbs, such as freesians and crocus, 10 to 12 in a pot make an attractive display.

Use good garden loam to which has been added a leaf-mound or acid peat and sand. Put a few stones or pieces of broken crockery over the hole in the bottom of the pot to ensure good drainage.

Press the soil firmly round the bulbs and leave about an inch

of space at the top of the pot for watering. Water the bulbs well, and then put them away in a dark place where the temperature is about 40 F. They should be inspected about once a week to see if they need watering.

Covering the bulbs with newspaper, dark cloth or a similar material will keep out the light and facilitate good root development, essential for good blooms. The length of time it takes the roots to develop varies with the different types of bulbs, but three to four months is usually long enough. Tulips and hyacinths can be left in a cool dark place until they have two inches of leaf growth. Make the transition from the cool dark room to a bright warm one gradually, says Mr. McCalla, and keep the flowers out of direct sunlight to minimize bleaching.

Some people put their flower pots in a one to one-and-a-half foot hole in the ground and leave them there until early in December. If the bulbs are well soaked with water and covered with dry leaves, or other debris, they usually do well under these conditions.

Mr. McCalla strongly advises bulb growers to get their bulbs from nurseries, seed-houses or garden supply centres. So-called bargains in bulb purchases rarely prove successful.

Colleen Beechman, Milo Is Bride At Calgary Wedding

Pleasant Heights Church at Calgary was the setting for a candle-light wedding at 7 p.m., on Saturday, Aug. 27, when Colleen Lorna Beechman, eldest daughter of Mrs. Lorna Beechman and the late Evan Beechman of Milo, was united in marriage to Robert Carl Hauswirth, only son of Mr. and Mrs. O. C. Hauswirth of Dalemead. The Reverend A. L. Anderson officiated the double-ring ceremony.

The bride, given in marriage by her uncle, James McCorry of Edmonton, wore a floor-length sheath gown of white petite poise, with appliques of French lace accenting both the bodice and hem. The gown also featured tapered, lily-point sleeves and a detachable train which cascaded from the shoulders. Her shoulder-length, bouffant, illusion veil was held in place by a cluster of white fabric roses. The bride carried a bouquet of pink roses and stephanotis.

The bride's only attendant was

Miss Marguerite Davis of High River. She wore a street-length gown of rose peau de soie featuring a white jacket of German lace. Her veil was held in place by a headpiece of white baby mums and she carried a bouquet of white carnations.

Alvin Hanert of Calgary was best man. The guests were ushered to their places by Lorne Miller and Harley Stewart, both of Dalemead.

Mrs. Hauswirth, mother of the groom, chose a dress of turquoise blue with matching three-quarter length coat. White accessories and a corsage of pink sweetheart roses completed her ensemble.

Following the wedding ceremony, a reception was held in the Highland Queen Room of the Highlander Motor Hotel. Master of ceremonies for the occasion was George McMorris of Queenstown. William F. Jackson of Brooks proposed the toast to the bride. The guest book was presided over by Miss Joyce Schaub of Milverton, Ontario.

For travelling, the bride chose a two-piece, caramel wool-knit suit and dark brown accessories. Her corsage was of Capri sweetheart roses.

Following their honeymoon to Victoria and other points in B.C., Mr. and Mrs. Hauswirth will reside in Calgary.

LARRY BOTA, Fort Macleod

Alberta Junior Citizen of the Year.

It was December 26, 1965 — Boxing Day! Larry and his father had gone to their cabin at Lee Lake near Burmis. 14-year old Larry was following his father into the cabin. Suddenly, the cabin was rocked by an explosion. Larry swiftly pulled his father back, down the stairs and outside, where he extinguished his burning clothes by rolling him in the snow. Mr. Bota was severely burned, and but for Larry's initiative and courage the day might have had a tragic ending.

We congratulate Larry and wish to thank Alberta's Weekly Newspaper Editors for their active co-operation in the Alberta Junior Citizen of the Year program, sponsored by Alberta's investor-owned electric utility companies.

This is one of a series of Junior Citizen Award announcements. Our special thanks to C. L. Moses, Editor of the Fort Macleod Gazette and to Larry's nominators, Mrs. N. E. Johnson of Blairmore, Mrs. George Buzunis and Mr. and Mrs. Harry Hoeksema of Fort Macleod.

HONKERS NO LONGER

Whether it's friendly tips from farmer customers or more time to get out spotting isn't known but somehow elevator operators seem to get the lions share of goose hunting luck. Two such examples are Charlie Sjogren and Ken Reid

shown above with eight Canada geese following a morning hunt Sept. 24. The biggest bird weighed 11 pounds, 12 ounces and is only one of 27 that Charlie has been in on this season. These were knocked down at Frank Lake.

REPORT FROM PARLIAMENT HILL

(By Lawrence E. Kindt)

Parliament has now resumed its interrupted session and it is generally expected that the program of work outlined by the Government will not be completed until just before Christmas.

As usual, some of the "news hawks" in the Parliamentary Press Gallery were hopefully looking for trouble and were busily whipping up sensational speculations about what was going to take place when Parliament resumed sitting early this month. "The Munsinger case was going to explode again," and "The Govern-

ment Party was going to be torn apart over the delay in the medicare legislation," to mention only two. Life, however, is full of surprises, and neither of these predictions have taken place to date, nor, indeed, have most of the other prophecies. In fact, Parliament has been proceeding about its work in a rapid and business-like manner.

The principal items of work to be covered between now and Christmas are as follows:

(1) The amendments to the Bank Act, is a very complex piece of legislation and which is presently being considered in great detail by the Banking and Commerce Committee. The raising of the 6% interest rate on bank loans has now become the policy of the Liberal Government and this will be opposed by many, including myself.

(2) Legislation to set up a Board to assist with the storage and transportation of feed grain to Eastern Canada and British Columbia.

(3) The Medicare Bill will, undoubtedly, cause some fireworks because of the Government's delay in implementing the measure for one year, viz. July 1, 1968, instead of July 1, 1967, and also because many of the details of the legislation are very controversial. In addition, only two small Provinces have, at the moment, agreed to participate in the Government's plan. This, in itself, will make the plan almost ineffective (even if passed by Parliament).

(4) The major controversy will almost certainly concern the subject of Unification of the Armed Forces. Most persons are in agreement that INTEGRATION is a good idea, but UNIFICATION is another matter altogether.

In the first place, no one seems to know exactly what the Defence Minister means by "unification," and any requests for information in this regard have only been met with vague and somewhat contradictory answers.

(5) The Government's Broadcasting legislation is also likely to cause considerable controversy. For many years the CBC has never been given a thorough examination by Parliament, and it has become increasingly evident that very deep troubles beset this organization. Earlier this year there was the big row over the program, "This Hour has Seven Days." Only last week, Mr. Quimet, who had just been re-appointed Head of the CBC at a \$40,000-a-year salary, suddenly resigned his post, without any very adequate explanation. Many persons are becoming increasingly disturbed by the apparently deliberate policy of the CBC in presenting only one side of the question in controversial matters of great public concern.

(6) Amendments to the National Housing Act to increase the amount of money for home building loans, plus a new provision for loans to improve existing homes.

(7) The completion of approval of the Government's spending estimates. There are, of course, some other minor pieces of legislation of a routine nature.

All in all, it looks like a very busy, important and productive session.

This only is charity, to do all, all that we can.

—John Donne.

HIGH SCHOOL GRADUATION AND BANQUET

Saturday, Oct. 8 "Outward Bound" was the theme of the Blackie High School graduation honoring the grade nine and grade twelve graduates of 1965.

At the banquet held in the Blackie Auditorium the blessing was given by Marion Robins and the head table guests were introduced by the principal Mr. Tannas.

Following the banquet Sharon Wood, president of the Student's Union acted as toastmaster. Toast to the Queen and toast to the Home and School were by John Wollersheim and reply given by Mrs. Wm. Miller; toast to the parents was given by Carolan Thurber and reply by Grant Wray; toast to the staff, by Norma Raycraft and reply by N. Richards; toast to the Grade 12 students by Brenda Meadows and reply by Jo-Ann Raycraft.

Following the banquet, the graduates, parents and interested persons gathered at the school auditorium for the graduation exercises. The graduates entered the auditorium in a processional and were seated at the front. Following the singing of O Canada, a moment's silence was observed in memory of Mr. Digory. The invocation to the students and parents was given by Mr. Malcolm. Grade nine graduates were introduced by Mrs. N. Cole.

Mrs. B. Raycraft presented a picture to the school in honor of the grade nine graduates with Jerry Anderson accepting the honor for the class. A song was sung by the French students as a tribute to Mr. Digory.

Jim Litchfield, grade twelve graduate very ably gave an account of the Grade 12 class history. This was followed by the presentation of grade 12 diplomas by N. Richards and vice-principal Mrs. Ririe, and presentation of school pins by Sharon Wood. The valedictory address was given by Miss Wray, followed by a solo by Mrs. Richards.

The Home and School awards given to the top students in grade 12 and 9 were presented by Mrs. W. Miller to Kemis and Dane Wray. This is the first time that two from the same family have received this award. An achievement roll was presented by H. E. Kumlin with Kemis and Dane Wray and Jim Litchfield replying to this presentation. Glen Laycraft presented Dane Wray with an honors pin for his high achievement in grade 9.

Mr. Tannas introduced the guest speaker Edison Bardock, Superintendent of the Vulcan County.

Those who took part in the planning and preparations were banquet committee, Mrs. Percival, Mrs. Kumlin and Mrs. Webb; Jim Kotyk, the art work; Einer Kumlin, for the music; dance committee, Mrs. Bricker and Mrs. Slack, and many others who helped in so many ways.

HOME AND SCHOOL ASSOCIATION

The new executive for the Blackie Home and School is: President, Mrs. Wm. Miller; vice-principal, Earl Meadows; secretary, Mannie Mella; treasurer, Mrs. Ted Seney.

The association plans to continue with the Centennial Project at the school; to plant a shrub, and possibly some bulbs. The graduation evening was discussed and thanks extended to the committees and workers. The Home and School will again sponsor the Gymnastics Club. The attendance banner was won by Mrs. Raycraft's room.

The meeting then heard a report from Sharon Wood who attended the UN Seminar for Social Studies in Banff. Sharon reported the week a very busy one, excellent speakers with wide UN experience, lively discussions on a wide variety of topics and planned recreations that kept them very busy. Sandra Jackson was unable to attend but in her letter she expressed much the same feelings. Both girls felt the speakers and new associations were invaluable and expressed sincere thanks to those who had sponsored their trips.

Lunch was served by Mrs. Miller and Mrs. Slack.

Dear Homemakers:

FRUIT, VEGETABLE LABELLING CHANGE

Canada's Department of Agriculture Fruit and Vegetable Division has announced an amendment to labelling regulations that will give consumers a more precise indication of the amount contained in cans of processed fruits and vegetables.

Although declarations of content by the industry have conformed to federal regulations, fruit and vegetable processors as the result of the amendment will show a lower amount of content on the labels on some size of cans.

The change is aimed at meeting conditions arising from technological improvements in processing. High speed filling, particularly with liquids has made it difficult to fill containers completely and many products, canned at high temperatures, shrink after sealing and cooling.

The new declaration will allow for these factors and will show the amount in containers at time of purchase by consumers. They will show minimum amounts, and in some cases actual content may exceed that shown on the label.

Container sizes and the amount of product in each will remain unchanged, it is emphasized by the Division.

Content declarations will be changed as follows:

FROM:	TO:
105 fluid ounces	100 fluid ounces
23 fluid ounces	22 fluid ounces
20 fluid ounces	19 fluid ounces
15 fluid ounces	14 fluid ounces
8 fluid ounces	5 1/2 fluid ounces
5 fluid ounces	4 1/2 fluid ounces
For vacuum pack corn, the changes are:	
90 fluid ounces	75 fluid ounces
14 fluid ounces	12 fluid ounces
8 fluid ounces	7 fluid ounces

Processors may use either the present or new content declarations during the balance of this year. All products labelled after January 1, 1967, however, must conform to the new regulations.

I will not be in the Strathmore D.A. office this Friday, Oct. 21, 1966, as I'll be attending the Department of Agriculture Conference in Edmonton.

See you the following week—

The higher any man rises the less chance he has of being above suspicion.

Need a Grain Bin?

Here's food for thought . . .

WOODEN PORTABLE BINS BUILT BY
PEERLESS WOOD HAVE SPECIAL ADVANTAGES OVER STEEL BINS.

- 1) They are portable. You can move them wherever you wish. If you don't want to farm for the rest of your life, a portable bin can be sold to anyone, anywhere. Steel bins, concrete base, stay with the farm.
- 2) Damp concrete floors often cause grain spoilage. Wood floors, with air space beneath, keep grain dry. The grain you save over a few years can pay the cost of a Peerless bin.

REMEMBER!

Buying a grain bin is like buying a bigger wallet to put your money in. Be glad you need it!

Our monthly "birthday dinner" daughter Hazel Frazer of Edmonton was celebrated Sept. 28th with seven guests being honored: Mrs. Eamor, Mrs. Robbie, Mrs. Flebotte, Mrs. McLaughlin, Mr. Lecuyer, Mr. Gatenby and Mr. Beaubier. Everyone sat down to a full course turkey dinner.

The evening was spent in playing bingo with the Ladies Auxiliary of the Vulcan Branch of the Canadian Legion as hostesses. Prizes were given, lunch was served and an enjoyable day was had by all.

The prizes were won by Mr. Peters, Mr. and Mrs. Gold, Mr. and Mrs. Flebotte, Mrs. McAskle, Edith Boose, Mrs. Rodgers and Mr. Smith. The blackout was won by Mr. Kilpatrick, Mrs. Eamor, Mrs. Vaughn and Mrs. Robbie.

H. Smith has just returned from a trip to Cold Lake where he visited his son and family. Mrs. Vaughn had as her guests last Saturday her son and his wife from Lethbridge.

Mrs. Eamor was visited last Sunday by her granddaughter and her husband, Mr. and Mrs. Bob Fletcher of Iron Springs, her

daughter Hazel Frazer of Edmonton and daughter Alice Jordan of Champion.

We will have no birthday dinner this month as the Lionettes are entertaining the Senior Citizens on Oct. 26.

Our church services will begin again for the season on Thursday, Nov. 3rd. We thank the ministers for coming and donating their time to us each week.

Fire-chief Johnston and his squad were here and spoke on fire prevention and showed two films. This was very interesting and much appreciated.

Mrs. Dora Salter spent the long weekend with relatives. They took a trip to Kallispell, Mont., and she reports a wonderful time.

Mrs. Rodgers is back with us after spending some three-weeks with her daughter Mrs. Eva Andrews.

Mrs. Barnwell had a brief visit in Fort Macleod last week. We are pleased to welcome Mr. and Mrs. Peter McIntyre to the Lodge although at the present time Mrs. McIntyre is a patient

in the Municipal Hospital.

Mr. Brotherwood is also back to spend the winter with us again.

The matron (Mrs. Helgeson) attended the official opening of the Porcupine Hills Lodge at Claresholm Saturday afternoon.

PREPARE FOR RETIREMENT

The person, man or woman, who retires, leaving an active and productive career, may find retirement so boring that it actually proves a shock. Facing the fact early — several years before the actual day — will help to make the break more acceptable. A twice yearly visit to the dentist will ensure that the teeth are in good repair; a medical checkup, annually or more frequently as the doctor advises; a thorough examination of the eyes and new glasses if necessary, will all contribute to health and happiness in the new way of life.

Have you ever wondered...

...which of Alberta's resources is most important to industry?

Alberta's people. Industry needs people... trained people... to make it go, and skilled labour is vital to industrial progress. To help the supply keep pace with the demand, the Vocational Education Division of the Alberta Department of Education maintains three Vocational Centres for adult training, in Fort McMurray, Edmonton and Calgary. Here, people learn those skills industry

requires most, and which will allow them to take their proper place in the labour market. To be sure each trainee is in the right trade, each is given personal, skilled counselling before enrolling.

...where would you start if you decided to complete your high school education?

Remembering the grade at which you left high school doesn't mean that you retain all the knowledge

taught to you in that grade. To help you decide just how much you DO remember, and where you should begin to complete your high school education, the Correspondence School Branch of the Alberta Department of Education provides placement tests which will indicate your starting point, between grade 1 and grade 12. Once this is established, you can enroll with the Branch for a correspondence course which will count for credits toward a High School Diploma on the same basis as students who attend a regular school. Correspondence courses are also available for the lower grades, from 1 to 9.

...if there's a market for footwear in Alberta?

Ask the Alberta Bureau of Statistics, a Branch of the Department of Industry and Development. This is where you'll find all the answers to statistical questions on economic activity in Alberta. If they're not in the comprehensive library of statistics, you'll probably find the facts you need in one of the Bureau's publications, such as the annual "Salary and Wage Rate Survey"; the monthly "Summary of General Statistics"; "Alberta Industry and Resources"; or "Review of Business Conditions." If you want details on the market for a specific item, the Bureau of Statistics will carry out a special survey provided there is an indication that such a market exists.

...where the parents of a cerebral palsy child can turn for assistance?

Understanding is a vital part of the treatment of cerebral palsy and, to help parents recognize and understand the problems of a child stricken with this disease, counselling services are provided at cerebral palsy clinics maintained by the Alberta Department of Public Health. Here, qualified specialists examine suspected cases and recommend treatment in the clinic or at home. Where home treatment is decided upon, parents are instructed in the necessary techniques and provided with literature and equipment required for the treatment prescribed. In addition to cerebral palsy clinics, the Department also maintains clinics in which free diagnostic services and treatment are available for victims of rheumatoid arthritis and cancer.

...if preventive medicine applies to Alberta animals?

The wealth of Alberta depends partly on the health of

the Province's livestock and, with animals, as with people, it is easier to prevent disease than to cure it. The preventive medicine program for Alberta animals is carried out by the Veterinary Services Division of the Alberta Department of Agriculture. One facet of this service is inspection of all animals passing through the public auction marts. Approximately 1,000,000 are carried out each year and, over the last five years, 55,000 head of cattle, sheep and swine were removed from public market channels because they were

suffering from infections or contagious diseases that could spread to the buyers' herds!

...about the significance of those little round window stickers being worn by some Alberta cars?

Those are symbols of safety, proof that the cars which carry them have been tested and passed the requirements of the vehicle testing centres of the Motor Vehicles Branch, Alberta Department of Highways. The Branch operates two of these units which test, free of charge, headlights, brake and wheel alignment and front end condition. These facilities are available to any driver who would like to have the roadworthiness of his car tested. If defects are discovered, the owner receives a report indicating the problems, and can apply to have the vehicle re-tested when the trouble has been corrected. The testing units are easily transportable, so that their services can be provided in communities throughout the Province.

4-H Club Notes

Mossleigh 4-H Clothing Club

On Sept. 30 a meeting was held of the 4-H Clothing Club with Marlene Bertschy conducting the election of officers and are as follows: President, Wendy Weber; vice-president, Donna Bell Wark; secretary, Janie Randle; treasurer, Sandra Christie; social committee convener, Karen Tarasoff; press reporter, Kay Hagedorn.

It was with deep regret that Mrs. Wm. Campbell and Mrs. R. Bertschy, former leaders resigned. The club now welcomes Mrs. F. Wark and Mrs. G. Christie as new leaders. These new leaders gave an outline of the projects the girls will compete in this term.

Part of the club's centennial project will be to paint the Mossleigh church. The paint is being supplied by the UGG Co.

Club meetings will be held in the Mossleigh Community Hall on Tuesday evenings, three weeks apart, from Oct. 11. To conclude the meeting the mothers served an enjoyable lunch.

Used razor blades should be safely disposed of, to prevent accidents. An empty tin with a tight fitting lid into which a slit has been cut will make a good container. When it is filled, affix a piece of adhesive tape over the slit and put it into the refuse container.
